- Wider determinants of health

Healthwatch Blackpool is the independent consumer champion for health and social care. It listens to the views and experiences of the public, and feeds it back to those who provide services in order to make positive change.

The **FYi Directory** is a one stop shop for health, social and community services information in Blackpool, Fylde and Wyre. It brings together information about a wide range of local health and council services, community clubs, social groups, wellbeing activities and events into one comprehensive source.
